

# Company Quality Policy

*Zakład Poligraficzny POLPRINT Spółka z o.o. is an established provider of printing services, founded in 1990. We offer our customers:*

- Comprehensive prepress services*
- Offset printing, finishing and quality improvement, including hot stamping*
- Binding of finished products, e.g. creasing/bending, stitching, diecutting and embossing*
- Product customisation*
- Deliveries by own goods vehicles*

*The Management Board and the Staff of the Company undertake to continue its efficient operation through improvement of the quality management system implemented to comply with the requirements of EN ISO 9001:2008 and through finding new ways to optimise the use of materials, enhance productivity and other solutions aiming at the reduction of costs and introduction of new technical solutions to extend the range of offered printing services.*

*We have established the following principles of operation for the Company to ensure that the declared and required quality of our products is maintained:*

- 1. The Customer is our priority.*
- 2. Our Customers' orders are delivered timely and comprehensively.*
- 3. Our services consider specific needs and high expectations of our Customers.*
- 4. All materials supplied by the Customers for printing are stored in a manner that ensures their security and integrity.*
- 5. The qualifications of our staff and the performance characteristics of our plant enable us to print according to modern standards.*
- 6. The quality objectives based on this policy are specified in the duties and responsibilities of individual organisational units of our Company.*
